

# Water Proof Touch & Try

## *Use with confidence, anytime anywhere*

Fujitsu's Smartphones and tablets are waterproof.

This means that rain and accidental immersion will not damage the handset you can use them with complete peace of mind.

*1m,30min in water [IPX5/8]*

**TRY Now!**

*Place the Smartphone or Tablet in the water*

### **Caution**

- Please ensure the battery cover is properly closed before immersion.
- The touch panel may not work when wet. You can restore it to normal operation by drying it off.
